7.1.2 Institution has a stated policy and procedure for implementation of waste management Response: Waste Management is a joint responsibility of local government as well as of private organizations and individuals. Institute has designed an integrated Waste management system for optimizing and analysing waste. It is based on the concept that all aspects of waste management should be analysed together. The concept of waste as 'a material which has no use' has changed to 'resource at the wrong place'. The institute is conscious of its activities generating waste and ensures that all the waste is used & disposed responsibly. Managing waste in an environmentally sound & socially satisfactory manner is sustainable waste management. In institute waste management practices are differentiated into three parts:

Solid Waste Management

Liquid Waste Management

E- Waste Managemen
